

BA- 1506

WAGNER BUILDING (LEE'S STORE) - 1888 - 501-503 York Road. Towson. Brick, stucco-covered building in functional style with flat roof. Built by William A. Lee, in 1888 following the burning of an earlier store; the post office annex (flush with the alley) was tacked on in 1896 (originally free-standing). Once had a clock tower on the north end of the building where there was a terminal and barn of the horse car line. The ground is the original tollgate lot shown in 1853 town map, the same lot acquired by the turnpike company in 1808. Long history of rebuilding and remodeling.
